

90-Day Medication Log

Large print. One page per day.

For caregivers managing senior medication schedules.

Always confirm dosages with your physician or pharmacist.

1. Print this PDF or keep it on a tablet.
2. Each page is one day. Fill in the date at the top.
3. List every medication, the dose, and the scheduled time.
4. Check the box once given. Note the actual time given if different.
5. Use the Side Effects box to flag anything unusual that day.
6. Keep completed pages in a binder. Bring to the next doctor visit.

Tip: print the same day twice if multiple caregivers are sharing duties — one for each shift. Reconcile at end of day.

Tender Years

Medication Log
